

# Ripple Strength Timeline — Tecumseh’s Curse (Antikythera Corrected)

---

Preface:

America’s celebrated dates — July 4, 1776 (Declaration), Sept 17, 1787 (Constitution), Apr 30, 1789 (Washington’s inauguration) — drift about 10–12 days later than their true cosmic alignments. Using the Antikythera mechanism’s 988-year cycle anchored to Enoch Zero (3114 BCE), the United States was actually “born” on June 22, 1776. This places the presidency itself inside the Cycle 5 resonance window, explaining why the Tecumseh Curse locked onto U.S. presidents but not other world leaders.

This document presents a timeline of U.S. presidents elected in the curse cycle years, recalculated with the Antikythera mechanism. It includes election dates, death/assassination dates (where applicable), and cosmic context.

President	Elected Year	Antikythera-Adjusted Election Date	Death/Assassination Date (Antikythera adjusted)	Cosmic Context / Manifestation Alignment
William H. Harrison	1840	Oct 20, 1840	Apr 4, 1841 → Mar 23, 1841	Died in office; Jupiter–Saturn resonance
Abraham Lincoln	1860	Nov 7, 1860	Apr 14, 1865 → Apr 2, 1865	Assassinated; resonance strengthening
James A. Garfield	1880	Nov 3, 1880	Sep 19, 1881 → Sep 7, 1881	Assassinated; Saturn node alignment
William McKinley	1900	Nov 5, 1900	Sep 14, 1901 → Sep 2, 1901	Assassinated; conjunction echo
Warren G. Harding	1920	Nov 2, 1920	Aug 2, 1923 → Jul 21, 1923	Died in office; Saturn–Pluto echo

Franklin D. Roosevelt	1940	Nov 5, 1940	Apr 12, 1945 → Mar 31, 1945	Died in office; node cycle return
John F. Kennedy	1960	Nov 8, 1960	Nov 22, 1963 → Nov 10, 1963	Assassinated; resonance mirror of Lincoln cycle
Ronald Reagan	1980	Nov 4, 1980	Survived (Mar 30, 1981 attempt → Mar 18, 1981)	Survived assassination attempt; resonance fading
George W. Bush	2000	Nov 7, 2000	Completed term (no fatal event)	Ripple weak; survived presidency
Joe Biden	2020	Nov 3, 2020	Survives (curse breaks after Dec 21, 2020 reset)	End of Cycle 5 ripple; Jupiter-Saturn reset
Future Pres.	2040	Oct 25, 2040	TBD	Possible echo event
Future Pres.	2060	Oct 27, 2060	TBD	Resonance mirror, leadership disturbance possible
Future Pres.	2080	Oct 23, 2080	TBD	Ripple fully dissipated
